

Write an answer to **one** of the questions **2 – 4** in this part. Write your answer in **220 – 260** words in an appropriate style on the separate answer sheet. Put the question number in the box at the top of the page.

1. You are a member of your school's technology committee, and you have been tasked with proposing a plan to integrate technology into the classroom. Write a proposal outlining your plan, including its objectives, methods, and expected benefits.

In your proposal, please address the following. State the objectives and goals of the technology integration plan. Describe the methods and tools you plan to implement to achieve these objectives. Explain the expected benefits of integrating technology into the classroom for both students and teachers.

Write your proposal.

1. Imagine you have recently read a news article on a current social issue. Write a review of the article, summarizing its key points, discussing its relevance, and sharing your thoughts on the topic.

Provide a summary of the article's key points and main arguments. Discuss the relevance and significance of the social issue addressed in the article. Share your personal thoughts and opinions on the topic, including any potential solutions or actions that could be taken.

Write your review.

1. You are a concerned parent writing to your child's school principal about a recent education initiative. Write a formal letter expressing your thoughts, concerns, and suggestions regarding the initiative's impact on students.

In your letter, please include the following:

- A brief introduction of yourself and your child's attendance at the school.
- Express your thoughts and concerns about the impact of the education initiative on students.
- Offer constructive suggestions or recommendations to improve the implementation of the initiative for the benefit of students.

Write your letter.
