

You **must** answer this question. Write your answer in **220-260** words in an appropriate style on the separate answer sheet.

You attended a meeting at the town hall to discuss which businesses should be given tax incentives to come and open in the town. You have made the notes below:

**Which businesses should be given tax incentives to open here?**

- New supermarket
- Heavy industry
- Modern IT companies

**Some opinions expressed during the meeting:**

"Do we have people who can work in IT companies?"

"Let's not give incentives to those who would pollute!"

"What we don't need is yet another shop!"

Write an essay, discussing **two** of the companies in your notes. You should **explain which company** would help the local economy most, giving reasons in support of your answer.

You may, if you wish, make use of the opinions expressed in the meeting, but you should use your own words as far as possible.
